Fast even haircut

Cut hair flows away for 2x faster* clipping

Get an even haircut thanks to DualCut and Trim-n-Flow Pro technology. The new comb design prevents hair of any length from getting stuck in the comb, so you can finish your style in one go.

Performance

- Cut hair flows away for 2x faster* clipping
- Double-sharpened blades for 2 times faster clipping
- Self-sharpening stainless steel blades
- Turbo mode for enhanced power when clipping thicker hair

Easy to use

- Select with the zoom wheel 28 length settings: 0.5 to 28mm
- Up to 90 minutes of cordless use
- 100% washable** for easy and fast cleaning
- Ergonomic handle for more comfort and control
- 2mm click-on comb for stubble
- Barber kit includes scissors and styling comb

Built to last

- Zero maintenance saves time and hassle
- 2-year warranty

Highlights

Trim-n-Flow Pro technology

The innovative comb design allows cut hair to flow away from the blades during use, preventing even long hair from getting stuck in the comb, so you can start and finish your style without interruption.

DualCut Technology

Power through any type of hair with our advanced DualCut technology: an innovative two-sided cutting element that cuts hair twice as fast as one-sided blades.

28 lock-in length settings

Turn the zoom wheel to select and lock in the length you want. The 2 adjustable combs cut between 3mm and 28mm, with precisely 1mm between each length. Use the stubble comb of

2mm for short hair cut or to style your beard. Remove the comb entirely for a close 0.5mm trim.

Corded or cordless use

The hair clipper's powerful battery provides up to 90 minutes of cordless power after 1 hour of charging. Giving you maximum power and freedom.

100% washable**

The clipper is waterproof for easy, hassle-free cleaning under the tap. Rinse thoroughly with water only to always keep the clipper working like day one.

Turbo mode

Pressing the Turbo mode button will increase the speed of the motor to efficiently cut even thicker hair.

Comfortable grip

The Hair Clipper Series 5000 is designed to be comfortable to use, convenient to handle and easy to operate. The special texture and grip allow you to easily move the clipper and cut all around your head.

Zero maintenance

Save time and hassle with long-lasting self-sharpening blades that stay as sharp as day one, even after 5 years. The clipper is 100% washable** for fast and easy cleaning under the tap.

2-year worldwide warranty

All of our grooming products are built to last. They come with a 2-year worldwide warranty and worldwide voltage compatibility.
